

200+ FINANCIAL INDICATORS OF US STOCKS IN 2018

STA9890

Hui Zhu

DATA DESCRIPTION

- This dataset collects 200+ financial indicators for all the stocks of the US stock market.
- Shape of data: Observations = 4393; P = 40
- The response variable: Price.Variation
- The predictors variables: Financial indicators of US stocks (standardized)
- Dataset link: https://www.kaggle.com/cnic92/200-financial-indicators-of-us-stocks-20142018/data?select=2018_Financial_Data.csv
- Github link: <https://github.com/zh2323/STA9890>

SIDE-BY-SIDE BOXPLOT OF R^2_{TEST} , R^2_{TRAIN}

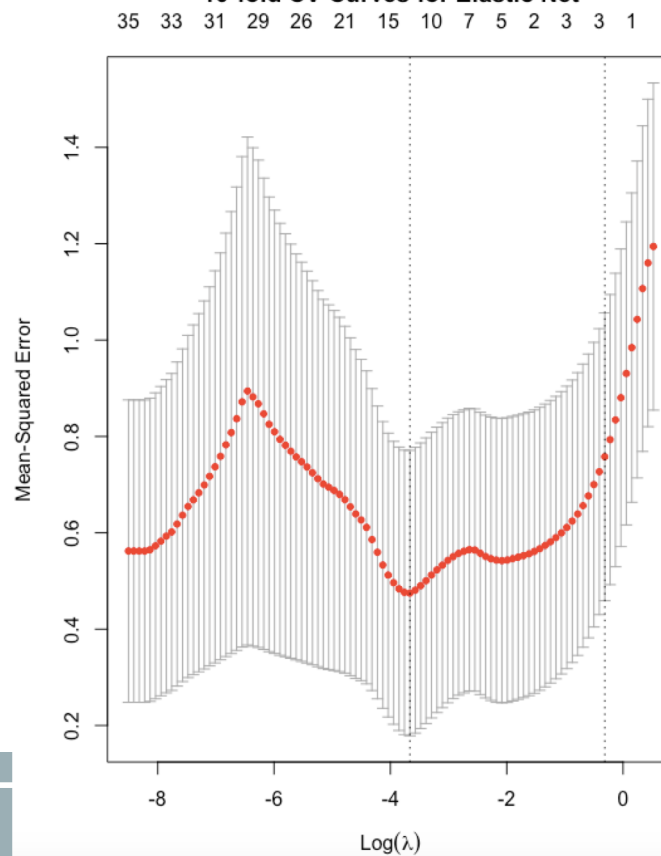

10-FOLD CV CURVES FOR LASSO, ELASTIC-NET, RIDGE

10-fold CV Curves for Ridge

10-fold CV Curves for Elastic Net

10-fold CV Curves for Lasso

BOXPLOTS OF TRAIN AND TEST RESIDUALS

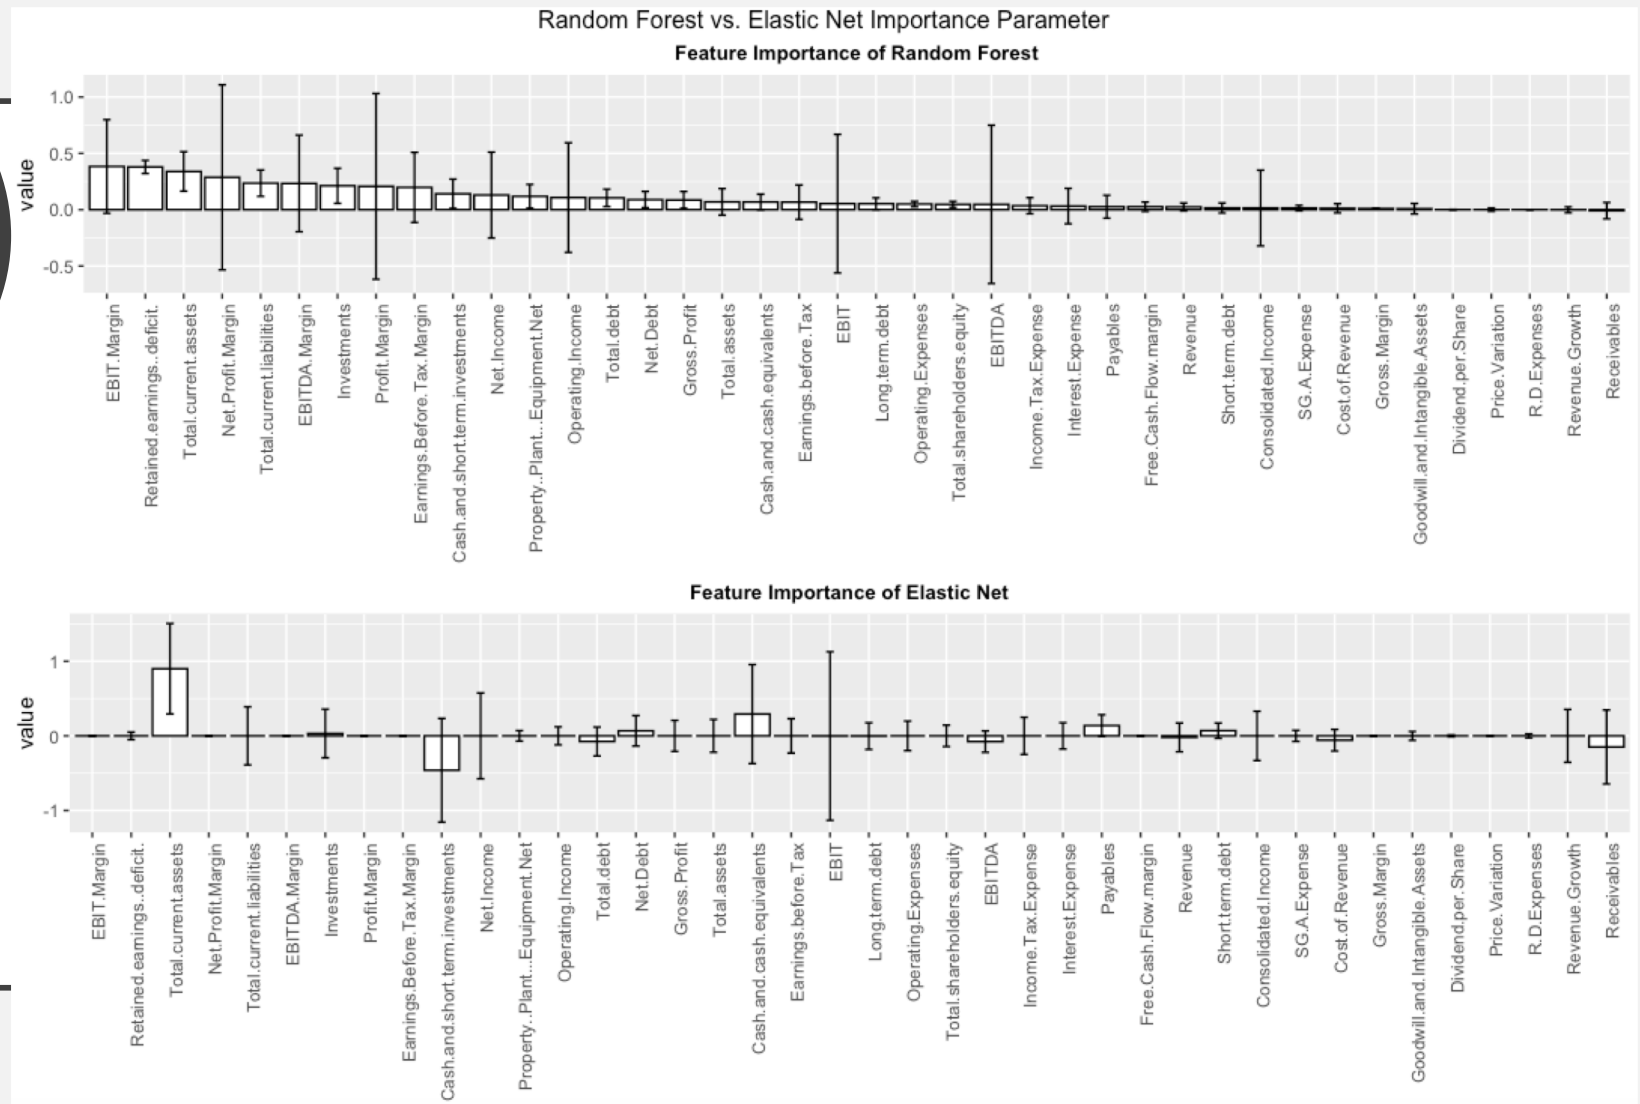

Boxplot of Test Residual

Boxplot of Train Residuals

SUMMARY

- Performance: The Elastic Net model performs similar to the Lasso
- Time:

Model	Time for Training for 1 time	Time for Training for 100 times
Lasso	0.391 sec	0.67 min
Elastic Net	0.415 sec	0.42 min
Ridge	0.381 sec	0.38 min
Random Forest	0.398 sec	7.45 min
